

## **GIVE BACK. Packs! Collection Box Host Application**

Organized by the Soldotna Chamber of Commerce's Student Ambassador Program, this campaign is designed to support K-12 grade students by supplying a new backpack filled with supplies to help kids succeed in school. As you may know, many families are struggling with already stretched budgets. Because they no longer have to worry if they will have the tools needed for class, students can focus on their studies- confident and prepared to learn.
